Channel lists facilitate selection

You can set up channel lists, i.e. hide and display channels and change the channel sequence.

> A button > O in the menu at top left > TV and Radio > TV channel lists > Create channel lists

Adjusting the channel lists is simpler in My Swisscom: <u>www.swisscom.ch/login</u> > Swisscom blue TV > Manage TV channels > Create new channel list

You can then select your channel list using the Option button in the TV Guide.

Voice commands how to use it

You can use the voice control. The microphone is only active while you are pressing the button. Hold the remote control about 30 cm from your mouth and speak into the microphone normally.

- > Press and hold the 👤 button on
- the remote control
- > Speak clearly
- > Release the 🖳 button again

Example:

> Press the 🖢 button and say «Go to SRF eins»

You can also type in search \mathcal{P} terms: > Option button > OK > type the search term
